

# CU29Gel™

## Features & Benefits

### Support

CU29Gel™ provides uniform support and alleviates pressure points.

Our high airflow copper infused memory foam sleeps cooler than traditional memory foams, providing excellent comfort and sleep performance across a wide temperature range.

### Technology

High density and provides exceptional durability. Ideal for roll packing applications.

Firmness and airflow is optimized for CU29Gel™ to be used as the top layer of a mattress or a mattress topper application.

### Sustainability

CU29Gel™ is made without ozone depleters, formaldehyde, or phthalates.

Low VOC (Volatile Organic Compound) emissions for indoor air quality (less than 0.5 parts per million).

Can be recycled after use to reduce the environmental impact.

Made in the U.S.A.  
CertiPUR-US certified.
