

HyPURGel™

Features & Benefits

Support

HyPURGel™ is a unique memory foam with gel that immediately responds and adjusts to your body movement to provide optimal temperature control and invigorating supportive comfort.

It is a unique combination of conformance and resilience. HyPURGel™ delivers a deeper, more restful sleep so you can feel refreshed when you awaken.

Technology

Combines the resiliency of latex with the pressure-relieving conformance of memory foam.

Low Tg provides uniform comfort and support over wide temperature climate ranges.

Delivers optimal temperature control and airflow.

Sustainability

HyPURGel™ is made without ozone depleters, formaldehyde, or phthalates.

Can be recycled after use to reduce the environmental impact.

Made in the U.S.A.
CertiPUR-US certified.

Specifications

Color:
Blue

Density (lbs. / cu. ft.):
2.7 - 3.3

IFD @25% (lbs. / 50 sq. in.):
12 - 17

Elongation:
> 100%

Tear Resistance lbs/lin. in.:
> 0.8

Tensile Strength lbs/lin. in.:
> 8.0

Compression Set (@90% comp.):
< 10%

Hysteresis Loss:
< 12%

Tg: 46°F
