

Sustain™ Plush

Features & Benefits

Support

Sustain™ Plush brings about the perfect balance of foam comfort and ergonomic support, with the responsive characteristics similar to a conventional spring mattress.

Technology

Highly Responsive properties of Sustain™ Plush allow for a lighter feeling while sleeping, with a heat dissipating nature.

Physical properties do not change with temperature changes, unlike other popular sleeping surfaces.

Sustainability

A new generation of foam made with plant based polyol.

Sustain™ Plush is made without ozone depleters, formaldehyde, or phthalates.

Low VOC (Volatile Organic Compound) emissions for indoor air quality (less than 0.5 parts per million)

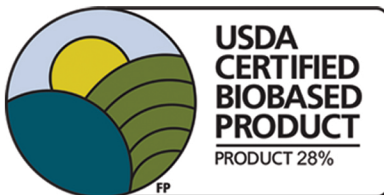

Can be recycled after use to reduce the environmental impact.
