

A Sustainable Approach To Better Sleep

Where Comfort Meets Innovation

Rest easy with Sustain™ mattresses & toppers

Sustain™ Memory cradles the body eliminating pressure points and promoting a more comfortable night's sleep. Sustain not only supports your body, but it's made with the environment in mind. Our innovative chemistry uses plant based polyol to reduce the carbon footprint. Initial testing of this rapidly renewable process has shown significant reduction in environmental impact. Rest easy, knowing Sustain is supporting your body and a more sustainable future.

PRESSURE RELIEF

Sleep like a dream, Sustain provides uniform support reducing pressure points.

SUSTAIN™ MEMORY FOAM

Available in a 2.6 lbs./Cu. Ft density memory foam. Traditional memory foam benefits with added sustainability.

HYBRID PLANT BASED/ CONVENTIONAL CHEMISTRY

Made with plant based polyol to reduce the carbon footprint.

Features & Benefits

SUPPORT

Sustain™ Memory provides uniform support and alleviates pressure points. It can be personalized to your individual design requirements and support needs.

TECHNOLOGY

Sustain's state of the art process incorporates high loading of plant based polyol. This unique chemistry makes Sustain™ a 28% USDA Certified BioBased Product.

SUSTAINABILITY

A new generation of foam made with plant based polyol.

Sustain™ Memory is made without ozone depleters, formaldehyde, or phthalates.

Low VOC (Volatile Organic Compound) emissions for indoor air quality (less than 0.5 parts per million).

Sustain™ can be recycled after use to reduce the environmental impact.

SPECIFICATIONS

Color: Black

Density (lbs./Cu. Ft.): 2.6 +/- 0.30

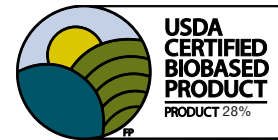

IFD @25% (lbs. / 50 sq. in.): 8.5 +/- 1.5

Elongation: > 75%

Tear Resistance (lbs/lin. in.): > 0.8

Tensile Strength (lbs/lin. in.): > 0.5

Compression Set (@90% comp.): < 10%

Our Sustainability Promise

Future Foam is committed to reducing the impact on our environment. Helping the environment is ingrained in our culture and how we do business, and is reflected in the products we innovate.

310 LBS/MIN DIVERTED

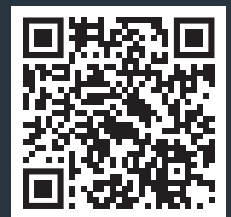

We've recycled over 2 billion lbs. of post industrial foam scrap since 2011.

GROWING LINE OF SUSTAINABLE PRODUCTS

Like Sustain™ our team of chemists are constantly working on sustainable foam products for the future.
